Introduction

**What is the Mobility Tool+?**

Mobility Tool+ is an Information System that allows Erasmus+ Beneficiary Organisations to access and manage their project's information, request individual participants' reports and submit final reports to their National Agencies. Erasmus+ National Agencies also use Mobility Tool+ to monitor and validate the projects information entered by Beneficiary Organisations at any time from anywhere.

Mobility Tool+ is designed, developed and maintained by the European Commission being used by Erasmus+ Beneficiary Organisations and National Agencies involved in decentralised projects.

**What are KA1 and KA3 mobilities?**

Each Erasmus+ key action is divided into different action types depending on the intended programmes objectives and target groups. Activity types therein further divide such action types into homogeneous groups of participants encoded as mobilities within Mobility Tool. Mobilities represent the sending of a particular individual from an origin country to a destination country typically within the set of Erasmus+ programme countries. Depending on the activity type concerned each participant in an Erasmus+ mobility is entitled to receive funds for travel, individual support, special needs, exceptional costs, etc. Mobility tool allows Beneficiary Organisations to manage all this information in a coherent and meaningful manner.

**What about KA2 Strategic Partnerships?**

Strategic partnerships' projects are also supported by Mobility Tool. Although not managing pure mobilities such projects need to be managed in terms of the outcomes and results they produce especially for those projects mostly concerned with development of innovation. Therefore Mobility Tool provides all needed functionality to create and manage a KA2 project allocation of funds for project management and implementation, transnational project meetings, intellectual outputs and associated multiplier events and individuals participating in learning, teaching and training activities, the latter mostly relevant for projects targeting exchanges of practices. The filling in and submission of final report by Beneficiary Organisations and subsequent validation by National Agencies is also available for KA2.

**What are the different roles involved?**

The management of the project and its contents is the responsibility of the Beneficiary Organisation users. Contacts defined in the electronic application form as contact persons and legal representatives for the applicant/beneficiary organisation will automatically have access to their corresponding projects in Mobility Tool+. This happens when the project's data is submitted from NAs Project Management System. National Agency users can also have access to Mobility Tool+ for monitoring and validation purposes.

Login

This page explains how to log in to MT+ using ECAS. An email notification will be sent to the project contact on creation of the project in the mobility tool.

- Select the "External" domain.
- Log In.
- Password lost?
- Create a new ECAS account.
- Help (Frequently asked questions).

Select the "External" domain.

The correct domain must be chosen before logging in. The correct domain for those working in the National Agency or those indicated as the project contact of the beneficiary or coordinating organisation must choose the domain External. To change the domain as External, click the CHANGE IT button.
A list of several options will appear. Select the **External** domain.

Log In.

Enter your **ECAS Username** or your e-mail address and your **ECAS Password**. This must be the same e-mail address as used by the e-mail notification informing you of your access. If you do not use the same e-mail address, you will not gain access to the project information.

Once you entered your ECAS Username and Password, click the **LOGIN!** button.
Password lost?

If you have lost your ECAS Password or you need to create a new one, click the hyperlink Lost your password? and follow the instructions.

Create a new ECAS account.

In order to create a new ECAS account, click on the Create an account hyperlink and follow the instructions.
Help (Frequently asked questions).

If you need help or need to check the frequently asked questions, click the Help hyperlink.
**Automatic notifications**

Notifications by default will be sent to the project contact of the beneficiary organisation as indicated in the NAs Project Management System. The person who receives notifications can be changed in MT+ by indicating another contact from the beneficiary organisation as the **Preferred contact**. The notification by default is sent out in English and may also be sent out in the language of the National Agency if the translation of interface has been done for that language.

**Creation of project in the Mobility Tool**

On creation of a project in MT+, a notification will be sent to the project contact person of the beneficiary organisation. The email notification provides instructions on how to login in to MT+ using ECAS. If you do not have an ECAS account follow the instructions to register in ECAS first.

---

**Project Update**

When the project data has been updated in MT+, a similar message to the one below will be sent to the project contact. The project contact is indicated as the **Preferred contact** in MT+ and can be changed to another contact of the beneficiary organisation.

Explanation and illustration

Once logged to the tool, the home page is displayed as follows:

1. The **Project List** window is displayed.
2. The system allows you choosing amongst a list of different languages and changing the language of the interface.
3. At the top middle of the screen, details of who is connected to the tool are identified.
4. A sub-window, which provides a definition of the Mobility tool, is displayed.
5. The project references are sorted depending on the programme and listed by the **Grant Agreement No**.
6. For KA2 projects, the type of access you have for the project will be indicated next to the project reference.
Difference between the link to projects for KA1 & KA3 and for KA2.

Explanation and illustration

Access to the KA1 or KA3 projects is different than for the KA2 projects.

1. When a KA2 project is clicked from the Project List, the system opens a new browser page. Note that projects concerning KA2 are highlighted in blue.
2. When a KA1 or KA3 project is clicked from the Project List, the system opens the project directly in the same browser page.
Difference between the tabs for KA1 & K3 and for KA2.

**Explanation and illustration**

The tabs for KA1 & KA3 are different than for the KA2.

The Tabs for KA1 & KA3 are displayed in a structure that organizes the mobilities management inside the **Mobilities** tab.

List functionalities

This page explains the common list functionality that are seen throughout MT+, for example the Organisations and Contacts tabs. The icons used to sort or export the list remain the same for each screen as well as the icons to edit, delete and view the list item.

- Search.
- Selection.
- Export.
- View.
- Edit.
- Delete.
- Back to list.

Search.

In order to find information quickly in each tab of the menu, type, for example, the name of the organisation in the Search field.

The result will appear in the list.

Selection.

The Selection option allows you selecting or de-selecting all detail lines.
By clicking on the radio button, you can select following options: All, NONE or inverse.

In the example below, the option All is selected.

Depending on the tab, where you select data, the button **Delete records** appears.
Export.

The **Export** button allows you exporting your selection and choosing a format amongst the three following options: **PDF File**, **XLS file** or **CSV file**.

In the example below the **PDF File** format has been clicked.

A pop-up message will appear allowing you to open the pdf file.
View.

"Project Details" page.

Explanation and illustration

Once you click on the project's Grant Agreement No from the MT+ homepage, a new screen will open displaying the Project Details.

The key details of the project are structured in the following fields: Context information, National Agency, Project information, Beneficiary Organisation information and Project Access. The screen also presents History information, giving details of the creation of the project in MT+, last update and person (or system) that updated the project last.

Note that the tabs listing Project Details for KA1 & KA3 are different than for KA2 projects, however, the content fields are the same. See more information about the differences in the Project Details screen interface for KA1 & KA3 and for KA2 projects in the page Menu and Navigation.
Changes to "Project Details".

**Explanations and Illustration**

The project details such as: the **Project Title**, the **National ID**, the **Start** and **End of Project** cannot be changed in the tool. To request changes to these project details, please contact your National Agency.

It is possible to add and remove **Contacts**, **Mobilities** and **Participants**, as well as to edit the current **Budget** information. See more information about editing details in various **How-to** pages of the guide.
How to manage organisations

For most key actions the organisation details can not be changed in MT+ but should follow the process of an amendment.

Organisation details that are entered into URF (URF and Participant Protal guide) should first be updated there before the National Agency will be able to adjust the details in the NAs Project Management System.

Once changes have been applied, the updated data will be sent to MT+.

The contact person of the beneficiary or coordinating organisation will receive a notification once the updated information is sent to MT+.

- Open the list of "Organisations".
- View organisation details.
- Organisation details are not updated?
- Edit organisation details.

Open the list of "Organisations".

From the list of tabs, click on the Organisations menu item.

The list of Organisations will appear.
View organisation details.

Click on the view icon to open **Organisation Details** screen.

Organisation details are not updated?.

The organisation details for most key actions will be updated as a result of an amendment request and should first be updated in URF and then by the NA in the NAs Project Management System.
Edit organisation details.

For certain Key actions e.g. KA103 and KA107 additional organisation details can be added. These "host" organisations can be managed by the beneficiary organisation.

In this case additional icons will be present on screen to allow editing (pencil icon) or deletion (bin icon) of the organisation.

Please note that you can not delete an organisation if it is associated to a mobility or activity.
How to manage contacts

The project contact as indicated in the application form will automatically receive an email when the project is created in the Mobility Tool+. The project contact can create additional users for the organisations. Edit access can be given to other contacts of the coordinating or beneficiary organisation. View access to the project can also be given for KA2 projects.

Quick steps

- 1. Click the project reference.
- 2. Click the "Contacts" menu item.
- 3. Click the "+Create" button.
- 4. Fill in the details
  - 4.1. Select the organisation.
  - 4.2. Allow access to project?
  - 4.3. Indicate as "Preferred Contact"?
  - 4.4. Indicate as "Legal Representative"?
  - 4.5. Contact details are the "Same as Organisation"?
- 5. Click on "Save".
- 6. Click on Delete icon.

Detailed steps

1. Click the project reference.

Click on the project reference to open a project.
2. Click the "Contacts" menu item.

The list of contacts appears. The full list of project contacts as entered in the application form will be entered here.
3. Click the "+Create" button.

To add a new contact click on the "+Create" button and complete the contact details.
4. Fill in the details.

4.1. Select the organisation.

Select the organisation from the drop down list. This will affect the check boxes that are active.

The **Legal representative** check box is not active for the beneficiary organisation. Only once the contact is indicated in the NAs Project Management System as a legal representative, the box will be checked.

![Contact Details](image)

4.2. Allow access to project?

Depending on the organisation you select, several **Access to Project** options (check boxes) may be available. Check the box the option to allow the contact edit or no access to the project details in MT+.

For KA1 and KA3 projects, it is only possible to allow contacts of the Beneficiary organisations edit access.

For KA2 projects (excluding those as indicated as schools only) a contact from a participating organisation may be provided access to view the project but will not have access to edit the project details.

For KA201 indicated as schools only the participant organisations contacts can be given access to view the coordinator's project. The contacts from the coordinating organisation can be given access to view all participating organisations' projects.
4.3. Indicate as "Preferred Contact"?

Checking the box Preferred Contact will highlight the contact, in the organisation list, as the preferred person for that organisation. There can only be one preferred contact per organisation. For the beneficiary organisation the preferred contact will receive the automatic notifications when the project data is updated in the NAs Project Management System and resubmitted to MT+ by the National Agency. By default this is the project contact as outlined in the application form but may be changed to a newly created contact for the beneficiary contact person in MT+.

![Preferred Contact](image)

4.4. Indicate as "Legal Representative"?

⚠ Please note that the legal representative details cannot be adjusted in MT+. To adjust the legal representative details please follow the amendment process.

Legal representative check box is not active. Only once the contact is indicated in the NAs Project Management System as a legal representative, the box will be checked.

4.5. Contact details are the "Same as Organisation"?

Click on "Same as Organisation" to copy the organisation address and phone details to the contact's details.

![Same as Organisation](image)
5. **Click on "Save".**

To save the data, click the "Save" button.

6. **Click on Delete icon.**

Click on the bin icon to delete a contact.

⚠️ Please note that the legal representative cannot be deleted.

How to manage activities for KA2 projects

What about KA2 Strategic Partnerships?

Strategic partnerships’ projects are also supported by Mobility Tool. Although not managing pure mobilities such projects need to be managed in terms of the outcomes and results they produce especially for those projects mostly concerned with development of innovation. Therefore Mobility Tool provides all needed functionality to create and manage a KA2 project allocation of funds for project management and implementation, transnational project meetings, intellectual outputs and associated multiplier events and individuals participating in learning, teaching and training activities, the latter mostly relevant for projects targeting exchanges of practices. The filling in and submission of final report by Beneficiary Organisations and subsequent validation by National Agencies is also available for KA2.

Project Data

When the project is created in MT+, project information is populated under the various tabs, such as organisations and contacts. The budget approved can be viewed from the budget tab. Details of the activities for Project Management and Implementation (PMI), Intellectual Outputs (IO), Multiplier Events (ME) and Learning, Teaching and training activities (LTT) are listed but do not contain the cost values for these activities. These items can be edited under the respective tabs. These items may be updated by the National Agency as a result of Amendment request or check of grant beneficiary.

Most cost values are calculated automatically in these screens after the number of participants or distance band is entered.
The “Central Rates Web service” is responsible for the validation and calculation of such costs as the travel grant, individual support, organisational support, linguistic support, course fees unit, all top-ups and total amounts. This allows to keep validation rules and calculation formulas harmonised across different IT systems.

Most tabs open to a list view, displaying the activities or items. In many cases, the activities when opened or edited may contain additional lists of items such as participating organisations, attendees or resources. Likewise, when creating new items, you may notice that first the basic information such as title or location should be saved and only then will it be possible to add the list of participants or organisations.

The functionality for these lists are explained in the section List functionalities. How to complete the details is explained under the various How to pages.

Who can manage or view the project?

For KA2 projects by default the person who is indicated in the application form as the project contact of the coordinating organisation, will have access to view and edit the project details. Partner contacts may also be given view access to the project.

For KA201 indicated as schools only, the organisations contacts may have view or edit access to their projects and view access to the coordinators project. The coordinating organisation's contacts may have view access to all partner organisations.

Project Management and Implementation

The Project Management and Implementation screen allows to record costs for project management activities such as: planning, finances, coordination and communication between partners.

Quick steps

1. Click on the project reference.
2. Click on the Project Management and Implementation tab.
3. Select the participating organisation.
4. Click on the pencil (Edit) icon and enter the Total (Adjusted) amount.
5. Click on the save icon.
6. Add a comment.
**Detailed steps**

1. **Click on the project reference.**

From the homepage click on the project reference to open the project.
2. Click on the Project Management and Implementation tab.
3. Select the participating organisation.

Select the organisation for which the PMI costs are being allocated.

This section contains information about the contributions to the participating organisations’ activities such as project management (planning, finances, coordination and communication between partners, etc.) according to the specific project contracted duration.

All additional information will have to be added by editing the selected PMI item. The total approved amount for this item can be viewed at the bottom of the screen and in the budget summary screen.

The total adjusted amount for all organisations should not be greater than the approved amount.

For school to school only projects only the beneficiary organisation will be listed here.
4. Click on the pencil (Edit) icon and enter the Total (Adjusted) amount.

Enter manually the total PMI contribution to the activities of the specified organisation:
5. Click on the save icon.

MT+ KA2 Transnational Project Meetings

This page explains how to add the details for a new Transnational Project Meeting. Transnational project meetings are events organised by one of the project's participating organisations with the purpose of project implementation and coordination. The screen functionality allows to list the transnational project meetings, with the number of participants per meeting and its associated cost amounts also per meeting.
Quick steps

1. Click on the project reference.
2. Open the "Transnational Project Meetings tab".
3. Click the "+Create" button.
4. Fill in the meeting details.
5. To save the details and to add participants, click the "Save" button.
6. The participants section appears.
7. Click the "+Create" button to add a Participants Form.
8. Fill in the details.
9. Click the "Save" button.
10. The "Participants" list appears.
11. Click on "Back to list" to return to the previous screen.
12. Click the edit icon.
13. Click on delete icon to delete.

Detailed steps

1. Click on the project reference.

From the homepage of Mobility Tool click on the project reference to open the project.

![Image of Mobility Tool homepage with project reference]
2. **Open the "Transnational Project Meetings tab".**

The Transnational Project Meetings or TPM's entered into the NAs Project Management System will not appear in this list, on project creation and will not be updated. The total approved for TPMs can be viewed under the Budget tab.

These entries will have to be added along with the number of attendees and total cost for each meeting. The attendees numbers should be grouped according to the travelling distance or **distance band** and costs.

If the project is a "KA201 - Strategic partnerships for school education" flagged as "Only schools?" the sending organisation is always the Beneficiary Organisation.

3. **Click the "+Create" button.**

To create a new meeting indicating its specific objectives within the more general purpose of project coordination and implementation, click on the **+Create** button.
4. Fill in the meeting details.

Complete the details (blank fields) as applicable for the meeting.

Add a meeting title, select the receiving organisation (receiving country and receiving city will be filled in automatically) and change the start date and the end date. The meeting must fall between the project start and end date indicated on the Details tab.

For S2S projects the sending organisation can only be the beneficiary organisation.

After filling in all the mandatory fields the "Cancel" and "Save" button will appear.

⚠️ The receiving organisation cannot be the same as the sending organisation in a given meeting. An exception is made in the following case:

The receiving organisation is allowed to also send their own participants and pay them for travel expenses if the travel distance is at least 100 km (>= 100 km).
5. To save the details and to add participants, click the "Save" button.

6. The participants section appears.

The section "Participants" appears. From this list you can create a new entry for a participant or group of participants. The participants should be grouped according to the distance band.
7. **Click the "+Create" button to add a Participants Form.**

To create an attendance list including a clear identification of all attendants for each meeting, click the **+Create** button.
8. **Fill in the details.**

The fields "**Sending Country**" and "**Sending City**" are automatically filled based on the details of the organisation selected in the meeting details.

Fill in the "**Distance Band**" field. If the distance band is not known, click on the [Link to distance calculator](#).

From the moment the distance band is calculated, the **Grant per participant**, **Total (Calculated)** and **Total (Adjusted)** fields will be automatically filled.

9. **Click the "Save" button.**
10. The "Participants" list appears.

After clicking on save, you are returned to the previous window.

The newly added details appear in a line, in the participants list. Click on the create button to add additional entries for participants if required.
11. Click on "Back to list" to return to the previous screen.

12. Click the edit icon.

If you require to make changes click on the pencil icon to edit.
13. Click on delete icon to delete.

If you require to remove an entry, click on the dustbin icon to delete it. To view without editing click on the view icon.

Intellectual Outputs

This page explains how to manage the list of Intellectual Outputs in MT+. Intellectual outputs represent the project's tangible results such as curricula, pedagogical materials, open education resources (OER), IT tools, analyses, studies, methods and others.

The screen allows the beneficiary to list the project's exact set of realised intellectual outputs. It also allows to detail the cost of their production, according to the different types of resources required to produce it.

Quick steps

- 1. Click on the project reference.
- 2. Open the menu item "Intellectual Outputs".
- 3. Click on "Create".
- 4. Complete the details of the new Intellectual Output.
- 5. Click on "Save".
- 6. Click "Create" to add the organisation details.
- 7. Select the organisation and complete the details.
- 8. Click on "Save".
- 9. View the organisation's cost.
- 10. Edit an Intellectual Output.
Detailed steps

1. Click on the project reference.

From the homepage click on the project reference to open the project.

![Image of the Mobility tool interface with project references]
2. **Open the menu item "Intellectual Outputs".**

The **Details** screen appears and when the **Intellectual Outputs** tab is clicked the information entered into the NAs Project Management System will appear in this list. The amount for the different staff categories is not entered and must be added for each **Intellectual Output**, which is automatically created by the system. The total approved for the **Intellectual Outputs** is visible under the **Budget** tab.

Note, for **School to School** only the **Intellectual Outputs** for the beneficiary organisation will appear.

![Image of the Project Details screen with the Intellectual Outputs tab highlighted.](image1)

3. **Click on "+Create".**

Once in the **Intellectual Output** tab, if a new **Intellectual Output** is required, click on the **+Create** button.

![Image of the Intellectual Outputs tab with the +Create button highlighted.](image2)
4. Complete the details of the new Intellectual Output.

Fill in the blank fields.

The start and end dates for Intellectual Outputs must always be within the project duration's start and end dates as specified on the Details tab.

⚠️ Note:

For 2014 projects a "Output Type" field appears and "Available Media" fields are not appearing.

For 2015 projects a "Output Type" field is not appearing and "Available Media" fields are appearing.
5. Click on "Save".

To save the information, click the Save button.

6. Click on "+Create" to add the organisation details.

The Intellectual Output Details screen appears, completed with the details received from the NAs Project Management System. Click on +Create to add the details of the organisation.
7. Select the organisation and complete the details.

Select an organisation and complete the details as applicable for the Intellectual Output.

When filling the fields for **No. Of Working Days**, both **Daily Rate** and **Total (Calculated)** fields will be filled in automatically for each Staff Category.

⚠️ **Note that one and only one of the organisations** within a given Intellectual Output must be flagged as "Leading".

8. Click on "Save".

Click on the **Save** button to save the data and return to the list view of the current **Intellectual Outputs**.
9. View the organisation's cost.

After clicking on Save, the current Intellectual Output screen appears. The organisation's cost just entered for that intellectual output will be displayed at the bottom of the screen.

For School to School it will only be possible to add one line for the beneficiary organisation. To return to the list of all Intellectual Outputs, click on back to list.
10. Edit and Intellectual Output.

To modify an Intellectual Output, click the pencil icon.

Note - For 2014 projects, the column Total (Adjusted) appears.

11. Delete an Intellectual Output.

To delete an Intellectual Output, click the bin icon.

Note - For 2014 projects, the column Total (Adjusted) appears.
Multiplier Events

This page explains how to manage the list of Multiplier Events in MT+.

Multiplier Events are national and transnational conferences, seminars and other events organised with the purpose of disseminating the intellectual outputs produced by the project. The costs incurred in the organisation of such multiplier events can be financially supported.

Quick steps

1. Click on the project reference.
2. Click on the menu item "Multiplier Events".
3. Click the "+Create" button.
4. Fill in the details.
5. Click on "Save".
6. Click on "+Create" to create the Budget.
7. Fill in the details.
8. Click on "Save".
9. Check the "Total (Calculated)" amount and click on "Back to list".
11. "Delete" a Multiplier Event.

Detailed steps

1. Click on the project reference.

In the homepage click on the project reference in order to open the project.
2. **Click on the menu item "Multiplier Events".**

The list of *Multiplier Events* is displayed. The items in the list can be edited and new ones can be added.

The list will show all *Multiplier Events*, which have been entered into the NAs Project Management System, but will not contain all details. The *Multiplier Event* item must be edited in order to add the costs and number of participants.

3. **Click the "+Create" button.**

In order to create a new *Multiplier Event*, click the +Create button.

⚠️ For school-to-school projects, only the *Multiplier Events* for the beneficiary organisation can be created.
4. Fill in the details.

Complete the details as applicable for the event.

For Multiplier Events, which are not automatically created from the NAs Project Management System, select predefined Event Identification codes ranging from E1 to E999 from the drop-down list.

⚠️ Note that the maximum allowed amount for all Multiplier Events within a project is 30,000€ and that at least one Intellectual Output must be selected per Multiplier Event.

The start and end dates for an event must always be within the project duration as specified in the project Details tab. In case there is a need to change these dates, it should be done in the NAs Project Management System.
5. **Click on "Save".**

To save the data, click the **Save** button.

6. **Click on "+Create" to create the Budget.**

In order to create the Budget detail line for this activity, click the **+Create** button.
7. Fill in the details.

Fill in the Organisation, Country of Organisation fields. Enter the number of Local Participants and the number of International Participants.

Grant Rate per Local Participant, Grant Rate per International Participant and Totals fields will be populated automatically.

Note that one and only one organisation must be flagged as Leading within each Multiplier Event.

Below you can find an example of the screen as it was for the version MT+ 2.2, for 2014 KA2 projects. The Event and corresponding Budget details were in the same screen.

This screen is not available anymore. All data that you have input for in this former release is still available in your project, but the screen has been adapted as explained above.

The only missing element is the Country of Venue. Please complete this field for all Multiplier Events of your project before submit a beneficiary report.

Learning, Teaching and Training Activities

This page explains how to manage the list of Learning, Teaching and Training Activities in MT+.

A strategic partnerships' project can optionally include transnational learning, teaching and training activities for which support for travel, subsistence and linguistic preparation can be given. These activities must be justified by the added value that they bring to the project's achievements.

Quick steps

1. Click on the project reference.
2. Open the menu item "Learning, Teaching and Training Activities".
3. Click the "+Create" button.
4. Fill in the details.
5. Click on "Save".
6. Add a participant.
7. Fill in the "Participant" details.
8. Use the "compact view" button if necessary.
9. Click on "Save".
10. Click on "back to list".
Detailed steps

1. Click on the project reference.

In the homepage click on the project reference in order to open the project. It will open in a new browser tab.

2. Open the menu item "Learning, Teaching and Training Activities".

The Details page opens. When you click the Learning, Teaching and Training Activities or LTT tab, the list will show all LTTs, which have been entered into the NAs Project Management System.

These items will need to be edited in order to add the additional information of number of participants and costs.
3. **Click the "+Create" button.**

In order to create a new **Learning Teaching and Training Activity**, click on the **+Create** button.

4. **Fill in the details.**

The activity section will appear. Note that the list of participants can be added only after the activity section is completed. Fill in the activity details (blank fields) as applicable.

⚠️ **Note - For 2014 Projects**, the **Field** field does not appear.
5. Click on "Save".

To save the details of the activity, click the Save button. The list of participants can now be added.

6. Add a participant.

To add a participant, click the +Create button in the Participants section.
7. Fill in the "Participant" details.

Complete the details (blank fields) as applicable for the participants.

⚠️ Note - For 2015 Projects, the field EU Mobility Total Grant (adjusted) has been removed.
8. Use the "compact view" button if necessary.

If necessary, use the compact view button. This will reduce the screen view so that only the most relevant and mandatory fields are displayed. In order to expand the view, click again.

⚠️ Note - For 2014 Projects, Grant not Required (Travel Grant) and Grant not Required (Individual Support) check boxes do not appear. The field EU Mobility Total Grant (adjusted) only appears for 2014 projects.

In case the project is a KA201 - Strategic Partnerships for school education and is flagged as Only schools (or KA219), the sending organisation is always the Beneficiary Organisation.
9. Click on "Save".

To save the participant details for the activity, click on the **Save** button.
10. Click on "back to list".

After clicking on **Save**, the details of the participant will appear in the **Participants** list. Use the list icons in order to edit or delete the details.

To return to the list view of all **Learning, Teaching and Training Activities**, click on **back to list**.
Special Needs Support

Participants with special needs are entitled to extra financial support within the scope of a strategic partnerships project.

Quick steps

1. Click on the project reference number.
2. Click the menu item "Special Needs Support".
3. Click the "+Create" button.
4. Fill in the "Special Needs Details".
5. Click on "Save".
6. Edit "Special Needs Support".
7. Delete "Special Needs Support".

Detailed steps

1. Click on the project reference number.

In the homepage click on the project reference in order to open the project. It will open in a new browser tab.
2. Click the menu item "Special Needs Support".

The Details page appears. Click the Special Needs Support menu item to see the list, which has been entered into the NAs Project Management System. These entries can be edited in order to add additional information.

3. Click the "+Create" button.

In order to add a cost line for Special Needs Support, click the +Create button.

⚠️ The value Approved Budget (by National Agency) may be set to zero, if the project is for call year 2014 and the project data was submitted to MT+ before MT+ 2.3.0. In this case please check the budget screen for the value for this item that has been approved by the National Agency.
4. Fill in the "Special Needs Details".

The **Special Needs Details** window appears. Fill in the details (blank fields) as applicable.
5. **Click on "Save".**

To save the data, click the **Save** button. After clicking on save, the details line will now appear in the list of **Special Needs Support**.
6. **Edit "Special Needs Support".**

To edit a line of **Special Needs Support**, click the pencil icon, update the data and click on **Save**.

7. **Delete "Special Needs Support".**

To delete a line of **Special Needs Support**, click the bin icon.
**Exceptional Costs**

This page explains how to manage the "Exceptional Costs" in MT+.

Exceptional costs include but are not limited to sub-contracting and purchase of goods/services. If exceptional costs are added, a comment must be entered on the budget screen.

**Quick steps**

- 1. Click on the project reference.
- 2. Click the menu item "Exceptional Costs".
- 3. Click the "+Create" button.
- 4. Fill in the details.
- 5. Click on "Save".
- 6. Add a comment in the "Budget" tab.

**Detailed steps**

1. **Click on the project reference.**

On the homepage click on the project reference in order to open the project. It will open in a new browser tab.
2. Click the menu item "Exceptional Costs".

After the Details page of the project opens, click on the menu item Exceptional Costs.

3. Click the "+Create" button.

In order to create a new details line, click on the +Create button.

⚠️ The value Approved Budget (by National Agency) may be set to zero, if the project is for call year 2014 and the project data was submitted to MT+ before MT+ 2.3.0. In this case please check the budget screen for the value for this item that has been approved by the National Agency.
4. Fill in the details.

Fill in the details (blank fields) as applicable.

Note - For 2014 Projects, the Total (Adjusted) field appears.
5. Click on "Save".

To save the data, click the **Save** button.

After saving, the details line will now appear in the list.
6. Add a comment in the "Budget" tab.

To add a comment in relation to all exceptional costs on the Budget screen, click on the **Budget** tab, add the comment and click the **Save** button.
MT+ KA2 Budget
