About AcadeMedia

We are Europe's largest private education company

- Appr 200 000 learners in primary-upper secondary and adult education across Sweden.
- More than 18 000 employees
- Over 700 education units in 4 countries:
 - Norway
 - Germany
 - England
 - The Netherlands

Our vision

We're leaders in tomorrow's education

Education frees potential in individuals and society as a whole.

Our calling is to ensure that even more people across the world have access to high-quality education and reach their full potential and dreams.

We call it "Change through Education".

Our educations are founded in the needs of the future, recipients and other stakeholders.

Preschool

Primary-Secondary

Upper Secondary

Adult

Who Are We?

Appr 10 800 learners in 30 schools across Sweden.

850 employees

An upper secondary school area addressing personal development, local and global commitment.

What Do We Do with an international perspective?

Personal commitment - Personal development

Mental training programme - a training programme for students to establish growth mindset.

Theoretical foundation - EU knowledge and citizenship, UN Global Agenda, Europass CV, Erasmus+ programme

Local Commitment - local networking

NGOs- Amnesty Schools, UN Schools, EU School-ambassador programmes, EU Parliament Schools (EPAS), work based learning in companies (min 15 weeks in 3 years), local companies & tertiary education

Global Commitment- international collaborations

Varkey Foundation

Teachers Without Borders

Commerce: 630*

Hotel & Tourism:
Appr. 158*

Child & Recreation:
Appr 473*

*Enrolled school year
22/23

Learners/ programme 22/23

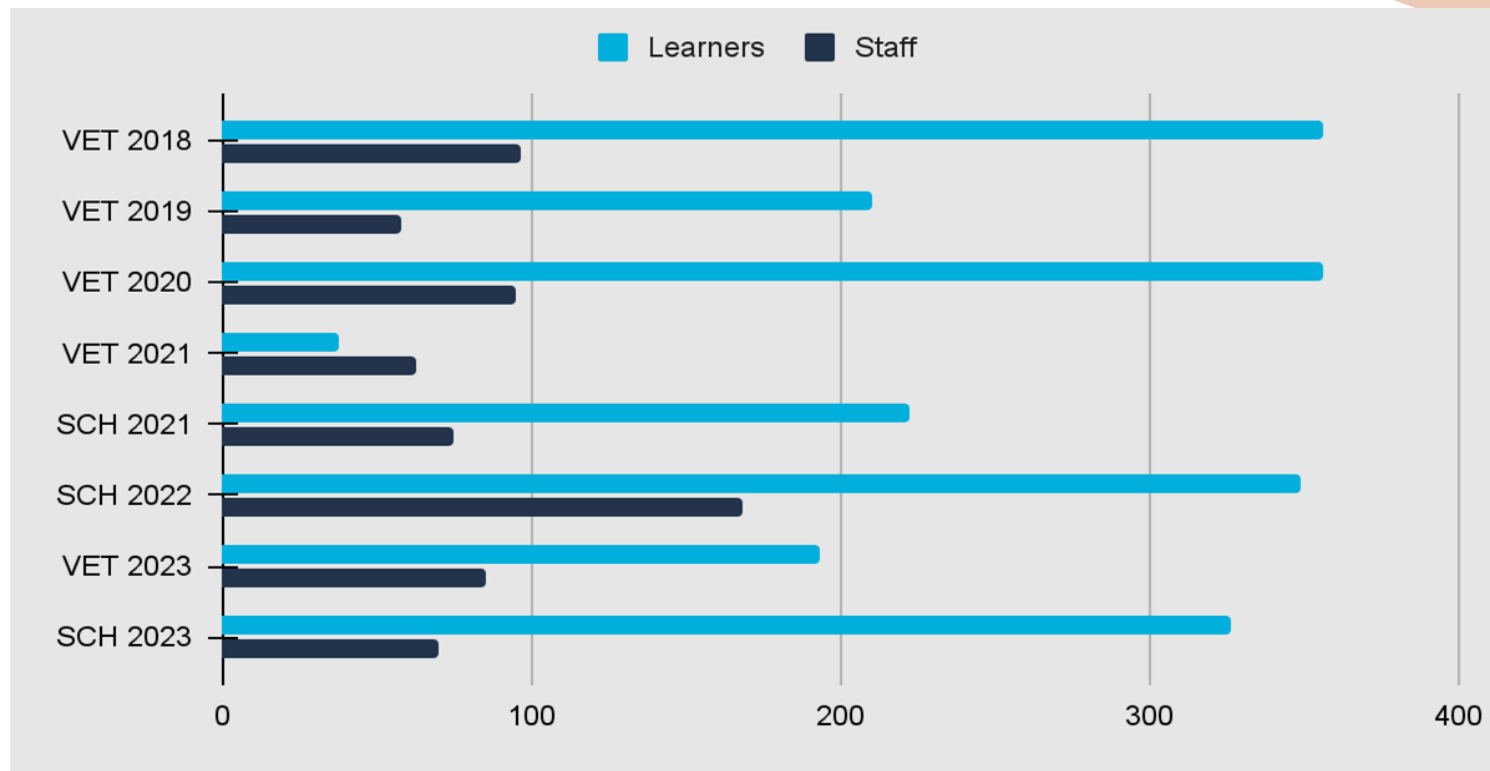

What does Erasmus + mean to us?

An enormous, wonderful tool for capacity-building, bridging education- labour market gap, providing opportunities for learners and combatting identified common needs across borders.

What Do We Want to Accomplish?

- Strong School Partnerships all over the world
- Solid Contributors to the European Education Area
- Developing tools and methods to empower learners and staff in Sustainability, ICT, Collegial Learning, improving employability, academic success and independence.
- Finding solutions to common needs such as reducing truancy, promoting inclusion and integration, increasing digital literacy, promoting sustainable awareness and processes, social and intercultural skills, active citizenship

Erasmus+ KA1 mobilities

ERASMUS QUALITY STANDARDS = Erasmus+ PLAN

- Honour our ERASMUS+ commitment and CONTRIBUTE to a better society.
- CONTRIBUTE to European Education Area by partnering with schools and VET providers across borders. **Standardised procedures to begin partnership, google forms, digital meet and greet, physical meeting, receiving teachers and VET providers.**
- Bringing in tools to make our learners learning transparent and transferable. **ALL learners must have a EUROPASS CV, access to EU ACADEMY.**
- Promoting EU democracy, humans rights and active citizenship among learners and staff. **Inviting Europa-huset in Stockholm, School Ambassadors for EU, EU Parliament Schools (EPAS). Erasmus+ KA1-SCH to Haag and Brussels, Collaboration Anne Frank House and exchange with other European peers.**

ERASMUS QUALITY STANDARDS = Erasmus+ PLAN

- Encouraging **sustainable travel and developing sustainability** in VET mobility. Through KA2: [ENVIRASMUS](#). Will be implemented in all mobilities and across AcadeMedia's schools in Sweden.
Since 2022 we have a sustainability plan connected with our internationalisation plan.
- **Promoting inclusion. Learners selected transparently and according to suitability.** Academic performance not the only consideration.
We provide extra funding and support for learners with fewer opportunities. Always accompanied Erasmus+ Mobilities (not Pro).
- **PROCESS MANAGEMENT AND FACILITATION**
An organisation structure which already has mechanisms in place for financial, quality and safety management. **Mandatory workshops in August/ Eurocademy.**
Mandatory CHECK LIST for ALL ERASMUS+ MOBILITIES. In it: preparatory materials, mandatory documentation, support functions and report protocol to consortium coordinator.
Great support from NA.
Goals are assessed at the end of a¹²-school year in a 7 year-plan and grid.

How do we work with Erasmus+ ambassadors?

Each school selects 1-2 Erasmus+ ambassadors/ school year.
Reported to Erasmus+ consortium coordinator latest October.

- Support and preparatory for E+ mobilities
 - Open houses/ education fairs/ conferences/ job shadowing visits
- Receive a hoodie if enrolled.
- If graduated, receive hoodie and financial compensation.

How do we work with active citizenship?

- School elections (a joint consortium decision)
- Student councils (mandatory, The Swedish Education Act)
- Student unions (organised externally, youth organisation)
- Ung Företagsamhet/ Junior Achievement (JA) - Social Entrepreneurship

Teacher **Anette Järild, Drottning Blanka Skövde**, with students Felicia & Ester in the social science programme. Anette applied the same concept of JA and raised money for families in the Ukraine while also, teaching social entrepreneurial skills.

Welcome Kristina Barry and
Erasmus+ ambassadors!
