

Four Themes, Eighteen Dreams, a Call to Action for One Future

MANIFESTO

The Erasmus+ Generation for the Earth

A work carried out in Rome, on April 16th and 17th 2026, by almost 150 Erasmus+ international higher education students gathered for the transnational cooperation activity The Erasmus+ Generation for the Earth. Students came from 20 European Countries and from Italian universities.

The Manifesto is not a wish list. It is a mandate drawn from the voices of a generation. We ask European and national leaders to act: now, with urgency, and with courage.

THEME 01 Active Participation

Identity and relevance of the voice of participants in inclusive participation

THEME 02 Education & Work

Educational processes, active participation and competences in a present and future perspective

THEME 03 Europe

Europe in the World: global exchanges and competences

THEME 04 Building the Future

The Erasmus+ Generation in the world 2050: our projection and vision of the future

This is our vision for 2050

The year is 2026. The deadline is 2050. The time to act is now.
